***Election/Restrictions***

1. This application is in condition for allowance except for the presence of claims 21-22, 26-28 and 38-55 directed to Species II non-elected without traverse.

Accordingly, **claims 21-22, 26-28 and 38-55 have been cancelled.**

***Reasons For Allowance***

2. The following is an examiner's statement of reasons for allowance: claims 14-16 and 20 are allowed at least for the reason that the prior art of record does not teach or reasonably suggest the optical disk comprising a visible light characteristic changing layer, the visible light characteristic changing layer having a visible light characteristic thereof changed by exposure to a laser beam that enters from a label surface side, the visible light characteristic changing layer being formed in a location capable of being viewed from the label surface side, wherein the optical disk is constituted by at least a recording layer, a first reflection layer, the visible light characteristic changing layer and a protective layer which are sequentially formed on a substrate, and wherein a part containing the visible light characteristic changing layer and a part which does not include the visible light characteristic changing layer and is joined directly to the first reflection layer and to the protective layer are formed so as to be finely mixed between the first reflection layer and the protective layer" as set forth in the claimed combination.

Claims 30-37 and 56 are allowed at least for the reason that the prior art of record does not teach or reasonably suggest the optical storage media comprising a substantially flat optical disk, the disk including: at least one reflective layer, a visible
